

# Stur-D-Stor Shelving

**Shelf Storage Configuration**

- Industrial grade 1/2" thick particleboard decking recesses into shelf supports, protecting the edge of the decking and preventing chipping.
- Solid shelves prevent items from slipping or snagging.
- Framework does not require nuts, bolts or sway braces which allows for obstacle-free access from all sides.
- Double rivet connection makes for a very rigid unit.
- Configurable: 5-shelf unit or workbench.
- Complete unit ships in one convenient box.
- Assembles in minutes. Only requires a rubber mallet.
- Eight protective caps included for top or bottom of posts.

**MODEL NO.**

LSS-361872  
LSS-482484
